Work Experience

- Nov 2019 - July 2021 • Bhilai, Chhattisgarh

Globusoft Technology
Wordpress Developer

As a WordPress developer, I have been responsible for creating various creatives, including social media posts, print media designs, and UI/UX for websites and applications.

- Nov 2021 - Dec 2022 • Raipur, Chhattisgarh

Profsys Software
PHP/Laravel Developer

I am skilled in leveraging PHP to develop scalable and high-performing web applications, ensuring seamless user interactions across multiple devices. With a keen eye for design and the ability to translate client requirements into visually impressive interfaces, I thrive in dynamic environments that prioritize innovation and creativity.

- Jan 2023 - Feb 2024 • Raipur, Chhattisgarh

Techphant Consulting Group
MERN STACK Developer

As a MERN stack developer, I excel in handling data flow and server-side operations. My expertise lies in architecting robust APIs, ensuring efficient data transmission and manipulation. I've successfully managed backend systems for various projects,
